

ATTACHMENT B

BUSINESS AND ACTIVITY RESTRICTIONS

COMPLIANCE WITH THE LOCAL FACE COVERING ORDER IS REQUIRED FOR ALL ACTIVITIES COVERED IN THIS ATTACHMENT

I. RESTRICTED BUSINESSES AND ACTIVITIES.

Pursuant to Section 10 of the Second Amended Order of the Yolo County Public Health Officer Regarding the Recovery from COVID-19 (“Local Order”), as may be amended from time to time, certain business sectors and activities are restricted or prohibited as described in Section II below. For activities listed below that are not required to close entirely, all operations must be conducted in full compliance with the Local Order, including this Attachment, and restrictions implemented by order of the State Public Health Officer. In the event of any inconsistency between this Attachment and orders of the State Public Health Officer, the more restrictive provision shall apply.

II. BLUEPRINT FOR A SAFER ECONOMY (Revised November 17, 2020)

On August 28, 2020, the State released its “Blueprint for a Safer Economy” and announced many changes to statewide restrictions on businesses and activities. All counties were also assigned to one of four tiers based on COVID-19 data and related metrics. Yolo County was initially assigned to Tier 1 (Purple) status, the most restrictive tier. On September 29, 2020, the County moved to Tier 2 (Red) status. However, due to increasing test positivity and case rates locally, the State assigned Yolo County to Tier 1 (Purple) on November 16, 2020. Tier 1 is more restrictive than Tier 2. **With the County’s move back into Tier 1, the following business and activity restrictions¹ apply effective at 12:01 a.m. on November 18, 2020, consistent with the Blueprint approach:**

Sector/Activity	Status Under Tier 1
Critical Infrastructure	Open with modifications
Gatherings	Outdoor gatherings only (see Section III, below, and updated State guidance issued November 13, 2020)
Limited Services	Open with modifications

¹ Note that this list includes all categories listed in the Blueprint; not all of these business sectors and activities exist within Yolo County. Many additional sectors and activities are also listed on <https://covid19.ca.gov/safer-economy/>. We encourage you to check that website for the latest information and for information on sectors and activities not included in this table.

Sector/Activity	Status Under Tier 1
Outdoor Playgrounds & Outdoor Recreational Facilities	Open with modifications (see updated State guidance issued September 28, 2020)
Hair Salons and Barbershops	Open indoors with modifications
All Retail (including critical infrastructure, except standalone grocers)	Open indoors with modifications <ul style="list-style-type: none"> • Maximum 25% capacity indoors
Shopping Centers (Malls, Destination Centers, Swap Meets)	Open with modifications <ul style="list-style-type: none"> • Maximum 25% capacity • Closed common areas • Closed food courts
Personal Care Services	Open indoors with modifications (see updated State guidance issued October 20, 2020)
Museums, Zoos, and Aquariums	Open outdoors only with modifications
Places of Worship	Open outdoors only with modifications
Movie Theaters	Open outdoors only with modifications
Hotels and Lodging	Open with modifications
Gyms and Fitness Centers	Open outdoors only with modifications
Restaurants	Open outdoors only with modifications

Sector/Activity	Status Under Tier 1
Wineries *If food service is provided, follow guidance for restaurants	Open outdoors only with modifications
Bars, Breweries, and Distilleries (without food service) *If food service is provided, follow guidance for restaurants	Closed
Family Entertainment Centers (e.g., go kart racing, miniature golf, batting cages)	Open outdoors only with modifications
Cardrooms Satellite Wagering	Open outdoors only with modifications
Offices (non-essential sectors)	Remote (telecommuting) only
Professional Sports	Open with modifications <ul style="list-style-type: none"> • Without live audiences
Amusement Parks	Closed

As mentioned in footnote 1, please see www.covid19.ca.gov for information on additional business activities not specifically listed above, and for the latest information on business and activity restrictions for Tier 1. The State website also includes guidance containing the modifications referenced in the table above.

The foregoing business and activity restrictions shall remain in effect until modified or rescinded by further order of the Public Health Officer. All restrictions set forth in the above table meet

(but do not exceed) requirements imposed by the State in reassigning Yolo County to Tier 1 (Purple) on November 16, 2020.

III. PRIVATE GATHERINGS. **(Revised November 17, 2020)**

As explained below, the County Public Health Officer has determined that private gatherings covered by State guidance released on October 9, 2020 (and updated on November 13, 2020), may not include more than **16 people**. The basis for this mandatory directive is as follows:

The State Health Officer has generally prohibited gatherings of all kinds statewide, with limited exceptions for worship services, cultural ceremonies like weddings and funerals (but excluding receptions), protests or political activities, and any other gathering that is expressly allowed by a state COVID-19 guidance document. However, on October 9, 2020, the State issued an order allowing **small outdoor private gatherings with no more than three households**. Gatherings covered by this State guidance, as updated on November 13, 2020 to correspond to Blueprint tiers, must follow the State's rules, which are set forth at the following link:

<https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/Guidance-for-the-Prevention-of-COVID-19-Transmission-for-Gatherings-November-2020.aspx>

The State defines "private gatherings" as "social situations that bring people together from different households at the same time in a single space or place." This includes gatherings of family, neighbors, and friends in outdoor settings, and the County interprets it to also include other gatherings (e.g., a small office holiday party) that are not specifically addressed in other State guidance. Accordingly, all private gatherings not covered in other State guidance shall be subject to the State and local restrictions described in this Section.

The County Public Health Officer has determined that it is necessary and appropriate to adopt a local restriction on gathering size to augment the State's guidance. State law allows local health officers to impose stricter requirements, and many counties throughout the state have done so from time to time during the COVID-19 pandemic based on local COVID-19 spread and conditions. In the specific context of private gatherings, the County Public Health Officer observes based on CDC guidance and resources cited in the State's gatherings guidance that the risk that a person with an unknown SARS-CoV-2 infection (the infection that causes COVID-19) might spread it to others increases based on:

- The more people a person interacts with at a gathering;
- The closer the physical interaction is;
- The more enclosed the gathering space is; and
- The longer the interaction lasts.

Other factors, including a lack of compliance with facial covering orders and other safety guidance, also increase the risk of spread.

On these grounds, the County Public Health Officer directs that the maximum number of people allowed at a gathering covered by the State's gatherings guidance is **16 people**. This limitation

applies **in addition to** all other requirements of the [State's guidance](#), as may be updated from time to time, including that indoor gatherings are prohibited while Yolo County remains in Tier 1 (Purple) and all gatherings **must not involve more than three households or last more than two hours**.
